

Hayward's Primary School

By 2014, schools are required to publish information about services they provide for children with disabilities and Special Educational Needs. The intention is to offer choice and transparency for families, as well as providing a resource for professionals to detail the range of services and provision locally. Hayward's is committed to providing an effective education for all children and have a very successful record of supporting children with their individual needs.

The people responsible for managing Hayward's provision for children with Special Educational Needs and Disabilities is our Special Educational Needs and Disability Co-ordinator (SENDCo), **Ruth Dixon**.

The link below takes you to our school's SEN Policy.

The link below takes you to our Provision Mapping document.

If you have any concern about provision, in the first instance we encourage you to contact your child's class teacher. If you still have concerns then please contact either of the school SENCo's Ruth Dixon or the Head teacher. In the unlikely event that your concern is not resolved then please contact our chair of Governors.
