Dear Parents and Carers

Ofsted Inspection December 2016

I am delighted to be able to share with you our finalised Ofsted outcomes. You will find attached a copy of the letter that has been sent to me outlining the findings of our recent Ofsted Inspection. As we were subject to a Section 8 one day inspection, the findings are reported in the form of a letter which centres around two main points – does the school remain good and is safeguarding effective?

I am very pleased to be able to say that the outcome was positive on both counts. Many thanks to those of you who shared their support for the school through responding to the parent and pupil surveys and for your continued support for the school through your positive attitudes towards your child's learning.

During their visit, the inspection team spoke very highly of how delightful the children here at Hayward's are and how much they clearly enjoy school and how proud they are of being at Hayward's. I am sure you will join me in congratulating them and, of course, the committed and dedicated team of staff and governors we have here. The inspection findings are testament to all of this.

As always, we are a solution focused, forward looking team who will be concentrating on the core business of teaching and learning, and are already looking at the points for development made within the report. We look forward to working with you throughout 2017 to address the ways in which we can be even better.

Mrs Emma Summerfield
