Important Information / Going Home Arrangements

2020/2021

Dear Parents / Carers,

It is important to know the arrangements for how your child will get home at the end of each day – please see the table below.

If there are arrangements for other people to collect your child (including Geckos), can you please indicate this below. We will hold on to your child if no one arrives to collect them and we will also do this if somebody different arrives to collect them, other than the arrangements described below.

Please note, that without this letter we will assume that your child will be collected by their primary parents/carer.

Thank you for your support with this,

Andy Smith
